

## NEIGHBORLY LOVE WOULD CURE ALL

Many Instances Where the Man  
Next Door "Gets the Law  
On Him."

USUALLY FROM TRIVIAL CAUSE

Spite, in Most Cases, is Responsible  
For Much Trouble Where  
Peace Might Prevail.

If you were walking along the street  
and accidentally bumped into a neighbor,  
and said neighbor should turn  
around, chase you for half a block and  
land a right hand swing on your ear  
wouldn't it make you angry?

If you saw a neighbor cut your telephone  
wire, and then because you  
expressed your opinion of the man in  
rather strong language and the neighbor  
had you arrested for using abusive  
language and the stern faced  
judge fined you \$15 for the offense,  
would you not think there was something  
wrong with justice as dispensed  
in the police court?

If you were peacefully going about  
a shopping expedition and a young  
woman should walk up behind you and  
proceed to jab you with the business  
end of a hat-pin, would you not feel  
justified in having said young woman  
arrested for battery?

These cases are a few of many that  
have found adjudication in the criminal  
division of the city court during the  
past twelve months, and now that  
spring is practically here the police  
department and the assistant attorney  
instead of turning their fancy to  
thoughts of love, are preparing for  
the influx of numerous complaints of  
the character referred to; of neighbor-  
hood rows; of trespass cases where  
in men, women, children, dogs,  
chickens and cows are the offending  
ones. Every spring scores of these  
cases find their way into court and  
most of them should never be brought  
to court at all but should be settled  
by the practical working of the old

principle: "Love Thy Neighbor as  
Thyself."

NEIGHBOR AGAINST NEIGHBOR.

It is safe to say that during the  
past year there have been at least  
two cases where neighbor has been  
arrested against neighbor, each bringing  
scores of friends to testify for  
or against, and in each  
case the cause can be traced  
to some absurd thing one per-  
son has done to another, and which  
could easily have been settled with-  
out the bother and worry of using  
complaints and warrants, the serv-  
ing of the same, the trial and in-  
cident notoriety.

Some months ago William Black  
was arrested on the charge of using  
abusive language toward one G. M.  
Keddington, the complaint being  
sworn to by C. H. Boylin. Black was  
arrested and when the case came to  
trial there were about twenty witness-  
es on hand each ready to testify. It  
was shown during the trial of the case  
that someone had cut the telephone  
wires connected with Black's house  
and he proceeded to tell Keddington  
what he thought of him and the  
whole family. Black was arrested for  
using abusive language. The case  
dragged along for a week or more  
and valuable time was wasted only  
to learn that there was ill feeling be-  
tween the parties.

THE AFTERMATH.

Several weeks later, Keddington was  
walking along the street and bumped  
into Black. The latter turned back  
and struck Keddington and was later  
arrested for battery. This brought up  
the old feud again and during the trial  
of the case a disinterested person  
was summoned as a witness. He pro-  
ved to be a young man who stated to  
the prosecuting attorney that he was  
a "grunt." The prosecutor asked:  
"Well, were you?" grunting on the  
day in question?

"No," he replied, "but I guess some of  
the rest of 'em were." It was then  
explained that he was a post-ho-digger for  
the telephone company. This case was  
finally thrown out of court, but not be-  
fore Judge Bowman gave the warring  
families a sound lecture and recom-  
mended that a high board fence be  
built between them if they could not  
live in peace and harmony. In the  
first case Black was fined \$3.65, the  
costs of the case.

PANSY AND THE RING.

Because it has been reported to her  
that she was a party to some mysteri-  
ous transaction concerning the trade  
of a ring, a young woman named Pansy  
Street was arrested for battery upon  
the telephone company. This case was  
finally thrown out of court, but not be-  
fore Judge Bowman gave the warring  
families a sound lecture and recom-  
mended that a high board fence be  
built between them if they could not  
live in peace and harmony. In the  
first case Black was fined \$3.65, the  
costs of the case.

ute battery. A fine of \$15 was im-  
posed.

About a year ago Con Jones sold to  
his brother Hugh Jones a horse, wagon  
and some other articles. Con claimed  
that Hugh had made only one small  
payment on the purchase and becoming  
tired of waiting for his money, went  
to his brother's place and took posses-  
sion of the horse. Immediately there  
was had blood between the two, and  
Hugh had Con arrested on the charge  
of grand larceny and proposed to send  
him to the state prison.

The case was called several times,  
set, postponed, re-set and finally tried,  
with the result that Con was found not  
guilty and discharged.

PADDY AND THE LANDLADY.

Then there is the case, or rather  
cases, of Paddy Ryan. The latter is  
or was a retired employee but was  
continually in trouble at his boarding  
house, because, it is alleged, of jeal-  
ousy over the land lady. He was ar-  
rested nearly a dozen times, always  
contributing to the peace or using ab-  
usive language.

Six months ago, Charles H. Titus,  
who called himself a divine healer, and  
who was arrested on the charge of  
manslaughter, for neglecting to fur-  
nish proper medical attention for two  
children who died from diphtheria, had  
a neighbor arrested on the charge of  
trespass. Titus was most indignant  
when he asked Assistant City Atty.  
Rogers for a complaint and the latter  
finally issued the same and a warrant  
was served. The case dragged along  
for some time, worrying court and  
counsel almost to distraction, and then,  
according to Mr. Rogers, it was found  
that the defendant could not have  
trespassed because he was on his own  
property. It also developed that the  
complaint "had it up" for the defend-  
ant because the latter had married the  
divorced wife of Titus.

ROGERS GROWS WEARIED.

Only this morning a foreigner named  
Louis Resul, called upon Mr. Rogers  
and demanded a complaint against two  
neighbors, a Mrs. Jones and a Mrs.  
Parker, for annoying him by trespass-  
ing upon his property, opening gates  
and selling him and his family names.  
He lives in the neighborhood of Second  
and Thirteenth West, and if the case  
should come into court it would  
no doubt attract at a half a hun-  
dred people who reside in the vicinity  
of Resul's home. Mr. Rogers decided  
to write a letter to the persons com-  
plained of, as he is getting tired of  
listening continually to such com-  
plaints.

Not a day passes that some one does  
not want to make a collection agency  
out of the police department. One time  
it was chickens crossing someone's lawn.  
Next a dog barked at a little girl, or  
Mrs. Green told Mrs. Brown that Mrs.  
Black said she heard something not  
complimentary to Mrs. White. Threats  
followed and the entire neighborhood is  
involved in a row. Every spring there  
are scores of these cases, but Judge  
Bowman and Mr. Rogers and the en-  
tire police department hope this spring  
will prove an exception to the rule.

## HOME OF BYRON GROO ENTERED BY ROBBERS

Loss Will Amount to \$250 in Jewelry  
And Money—Police Have  
Descriptions.

While the family was away from  
home yesterday afternoon, the resi-  
dence of Byron Groo, 21 First avenue,  
was entered by robbers and about \$250  
worth of jewelry and money stolen.  
The thieves gained entrance by prying  
open the window in the laundry. The  
house was ransacked but the thieves  
missed at least \$2,000 worth of jewelry  
which had been left in a dresser  
drawer.

The property stolen consisted of two  
gold watches, a stick pin and about  
\$10 in cash. There were also some  
minor articles stolen. The theft was  
discovered last evening by a daughter  
of Mr. Groo. She was looking for a  
stick pin which she prized highly and  
not finding it proceeded to investigate  
and discovered the loss of the arti-  
cles. The window in the laundry was  
found open and there were marks in  
the room showing where the robbers  
had searched for valuables. How they  
came to miss the \$2,000 worth of jewel-  
ry is a mystery as it could have been  
easily taken. The matter was reported  
to the police this morning by Mr. Groo  
and the officers were furnished with a  
good description of the stolen prop-  
erty.

STRICKEN WHILE EATING.

Bert Rockfellow is Victim of Peculiar  
Attack in a Restaurant.

Bert Rockfellow, aged about 40 years,  
recently employed at the Salt Lake Liv-  
ing and Transfer bureau, was taken to  
the emergency hospital this morning  
in a most serious condition. The man  
was either suffering from poisoning or  
stricken with apoplexy. Dr. P. E. Steele  
was summoned and did what he could  
for the man. Rockfellow was in a comatose state for about  
three hours and for a time it was feared  
he would die. The man was found at  
905 West South Temple street, and was  
eating breakfast when suddenly he fell  
from his chair to the floor senseless. The  
police were notified and Rockfellow was  
hastened to the emergency hospital.

Teething, bleeding, protruding or blind  
piles yield to Doan's Ointment. Chron-  
ic cases soon relieved, finally cured.  
Druggists all sell it.

## DON'T BE BALD

One of Our Readers Tells How  
She Obtained a Marvelous  
Growth of New Hair by the  
Use of a Simple Home  
Remedy After Hair Spec-  
ialists and Tonics  
Had All Failed.

I had what most people would call a  
beautiful head of golden hair. I prized  
it most highly, as I considered it my  
chief attraction. Suddenly it began to  
come out very rapidly, and at times I  
had intense itching of the scalp. Phy-  
sicians and hair specialists said my case  
was one of dandruff, keria, hair mi-  
crobia, etc., but nothing that they gave  
me did the slightest good. On the  
contrary, my hair seemed to come out  
even faster, and I was now fearful  
lest I should become entirely bald.  
In my despair a friend told me of an  
Ecuador herb which he said would pos-  
sibly grow hair on any head where the  
hair roots were not entirely gone, and  
he said the natives of the country  
where it grew were famous for their  
beautiful long hair. From medical ad-  
vice I combined this herb with Bay  
Rum and Menthol Crystals and im-  
mediately began its use. In three ap-  
plications it entirely stopped the in-  
cessant falling of my hair, and in a very  
short time it not only stopped my fall-  
ing hair, but I noticed an abundance  
of new hair coming in. In less than  
one month my hair was longer, thick-  
er and more beautiful than ever. All  
due to this marvelous hair growing  
herb. A lady to whom I gave the  
formula used it on her daughter, and  
says it made her hair grow five  
inches in less than a month. Doctors  
to whom I have shown it say it is the  
only thing which will actually grow  
new hair, therefore I think the public  
ought to have it. At first I thought  
I would keep it secret and sell the  
secret, but when I think how I suffered  
and how badly I needed it and how  
hundreds of others must need it the  
time as I did, I feel I ought to give  
it to the world.

Therefore, I authorize this paper to  
publish the formula, which is as fol-  
lows:—Bay Rum 6 oz. Lavona de  
Composse 2 oz. Menthol Crystals 1 dr.  
To-Kalon Perfume one to two teaspoon-  
fuls.

Ask your druggist for an 8 oz. bottle  
containing 6 oz. of Bay Rum, then put  
in the Menthol Crystals and the Per-  
fume. Next add one-half of the bottle  
of Lavona de Composse, let it stand six  
to eight hours and add the remainder  
of the Lavona de Composse. Always  
buy the Lavona de Composse in a two  
oz. sealed bottle, as this preparation  
contains the juice of the Ecuador herb  
mentioned above, and it loses its  
strength if unsealed.

Apply the preparation night and  
morning and rub well into the scalp.  
If properly used it will soon produce  
most astonishing results. Be careful  
not to get it on the face or any part of  
the body where you do not want to pro-  
duce hair.

CITY IN FOREST RESERVE.

Government Asks for Signed Contract  
For Reformation of Boundaries.

Robert S. Reynolds, forest supervisor  
of the Wasatch National forest reserve,  
sent a communication to the city record-  
er today asking the city to sign a con-  
tract that all the city's land within the  
general boundary lines be admitted to  
the reserve in order to insure pro-  
tection and the eventual reforestation  
of the land. The officials at Wasatch  
ton have signed the contract which was  
submitted to the city some time ago  
but nothing has ever been heard from  
it.

When Gifford Pinchot, who has  
charge of the forestry department, was  
here about a month ago, the matter was  
taken up again. It was at his request  
that the city be asked again to enter  
into such agreement which will cost  
the city nothing and insure protection  
to the land.

So far nobody has been found in the  
city administration that ever heard  
that such a contract was submitted. A  
general search will be instituted in the  
pigeon-holes of the various committees  
to see if it can be found.

## RESPONSIBILITY FOR STEVENSON'S DEATH

Inquest Being Held Today in Effort  
To Obtain Details of Accident  
On Canyon Road.

An inquest is being held today in the  
court of Justice of the Peace Stanley  
A. Harris, to determine the cause of the  
death of L. J. Stevenson, employed as a  
conductor on a gravel train of the  
Emigration Canyon Railway company,  
who was killed by being crushed under  
the train Wednesday night. Efforts are  
being made in the investigation to  
fix the responsibility, if possible.

It developed this morning that J. A.  
Browning, also a conductor, was run-  
ning the engine at the time Stevenson  
met his death, as the engineer was not  
on hand at the time the cars were  
moved. John McDonald, the engineer,  
testified that he could not account for  
the cars jumping the track at the curve  
on Ninth South and Thirteenth East,  
where the fatality occurred. He said  
there were seven cars and that they  
were loaded with stone. He said the  
air brakes had been tested and found to  
be in good condition.

Mr. Browning said he was on the en-  
gine and was running the same at the  
time of the accident, but could not ac-  
count for the mishap. N. Wilson, a  
fireman, gave similar testimony, and all  
agreed that the train was running fast-  
er than usual on that night. Some of  
the witnesses saw Stevenson killed, but  
they all testified that he must have  
jumped when the cars left the rails and  
in some manner was caught and crush-  
ed by the load of stone. The cars did  
not pass over him, according to the  
testimony this morning. The jury will  
probably not return a verdict until to-  
morrow morning, but may get through  
with the deliberations this afternoon.

Why not spend Arbor day at Toledo?

THREE SMALLPOX CASES.

Three victims of smallpox were re-  
ported to the city board of health to-  
day. They are: Charles Egenberg of  
734 East Second South street; Clara So-  
derberg of 917 West Third North street,  
and Gustin Johnson of 121 South Eighth  
West street.

DISTURBED THE FAMILY.

This morning a young man named  
George Gault, was blood under ar-  
rest at about 10 o'clock for disturbing  
the peace. He was formerly a policeman,  
on the charge of disturbing the peace.  
According to Mr. Brown, Gault went to  
the home of his mother-in-law, 624 West  
Third North, and started a row because  
he was denied permission to see his  
wife and children. It is claimed he broke  
into the house and threatened the  
lives to members of the family. He  
will have a chance to explain matters  
to Judge Bowman.

## OBITUARY.

John Morgan, a resident of Salt  
Lake county since October 2, 1889,  
died at his home in Mill Creek Wed-  
nesday night of general debility. He  
was a native of Lancashire, Eng-  
land. He was born March 25, 1846.  
His parents were Joseph and Eliza.

JOHN MORGAN.

Mr. Morgan, and the family  
arrived in Nauvoo, Ill., June 1, 1841,  
leaving that city in the exodus of 1846.  
Mr. Morgan performed three mis-  
sions and held various responsible  
positions in the Church. For several  
years before his death he was a work-  
er in the Salt Lake temple. He is  
survived by a large family of chil-  
dren, grandchildren and great-grand-  
children, also by one brother, Edward  
Morgan. The funeral will be held from  
the Mill Creek meetinghouse Sunday  
commencing at 12 o'clock.

ALLEGED THIEVES NABBED.

Last evening Patrolmen Pierce and  
Woods arrested a couple giving the  
names of William and Marion Edwards  
on the charge of petit larceny. They  
are supposed to be professional shoplift-  
ers and the police claim to have a  
strong case against them. In their in-  
vestigation was found a hat valued at \$17  
which had been stolen from Keith-O'-  
Brien's a coat worth \$20 and a skirt  
worth \$10 taken from Auerbach's. The  
prisoners refused to make any statement  
whatever.

DENTISTS' OFFICE ROBBED.

Between Saturday night and Monday  
morning, thieves broke into the dental  
office of Danford & Arnold, Nos. 4 and  
5 Walker Bank block, and stole \$10 in  
cash and about \$60 worth of gold crown  
and bridges. The theft was reported to  
the police but the latter, following the  
usual custom, suppressed the facts until  
last night when the robbery "leaked"  
out.

The robbers gained entrance by prying  
open one of the hall windows opening  
to the laboratory. Detectives have been  
at work on the case since Monday, but  
have failed to accomplish anything in  
the way of recovering the property or  
apprehending the thieves.

DEATH OF MARIA HILL.

Marin Morris Hill, an employee as  
draughtsman in the office of the city  
engineer for a period of eight years, died  
last night at the home of her sister,  
Mrs. Annie Clissold. The cause of death  
was Bright's disease. The deceased was  
34 years of age. After graduating from  
the High school she took a two years  
special course at the University of Utah,  
at which time she fitted herself for the  
work that she followed, that of draft-  
ing. She had a wide circle of friends,  
who are deeply grieved at her death.  
The funeral will be held from the  
Twenty-first ward chapel Sunday, com-  
mencing at 1 o'clock.

April 9, 1909.

## Mrs. Everybody, Everywhere.

Dear Madam:—

Has it ever occurred to you that you  
can buy bread cheaper than you can make
